Experience a safer
and more open world

The best of both worlds

A well insulated ASSA ABLOY OH1042P overhead sectional door for the night keeps the warmth in and the uninvited guests out. For day use, when you have to go in and out frequently, an efficient ASSA ABLOY high speed door ensures a short passage time.

Why a Day & Night solution?

- In Night mode the high security and well-sealed ASSA ABLOY OH1042 overhead sectional door is closed.
- In Day mode you get a short passage time and high efficiency when the ASSA ABLOY high speed door is in use.
- Reduced energy cost.
- A burglar resistance Class 2 certification is possible for the ASSA ABLOY OH1042 overhead sectional door.
- The Day & Night solution is the most efficient solution when the passing frequency is high.
- All access and automation options are available.
- In case of a crash the self-repairing ASSA ABLOY high speed door gives no down time and no repair cost.
- When one of the doors is out of function it is always possible to close the opening.
